Date _____

Master Key
TMK or Part of *
Top Master Key

Instructions: Instructions: Place the correct master key symbol in the top box. Identify the location, area or department and the change key symbol - *be sure to include future expansion.*

*For level three and higher systems you can use KS.2 with KS.3 and/or KS.4. Simply complete KS.2 for each master key with the appropriate change key(s) number, then attach it to other worksheets to complete the entire system; indicate the correct corresponding worksheet number. For level 3 and higher the change key number follows the master key symbol.
